ACKNOWLEDGMENTS

Two individuals have contributed to this book. Isaiah Keller is author of Phase 12, and L.J. by way of personal testimony. L.J. also helped me in the latter stages of completing my novel, *Mutiny: When Angels Fell*, and helped make it the book that it is.

I am grateful for Redemption Press and its role in the publication process of this book.

I am thankful for friends and family who have supported me in various ways since I first starting writing many years ago.

Mostly, I am appreciative of what my Lord and God, Jesus Christ, has done in my life, in both a personal and professional way, which includes the publication of my books. What I have learned about love, grace, and the power of new life is beyond the scope of words. My books were *dead*, and now they're alive. This can be true in a personal way for anyone who calls upon the name of the Lord in any circumstance of life.

BNN NEWS SPECIAL REPORT: MISSION IMPOSSIBLE

The Inside Story

(BNN News)—This is Bridal News Network reporting. What has been termed the “Trial of the Ages,” the much-anticipated CASE NO. 666, the Bride’s case against the Harlot, is just moments away. The Supreme Judge has ordered BNN News—Bridal News Network—to interrupt all regular programming to witness this extraordinary case. BNN News makes no apologies for this interruption, out of respect for the Judge, and due to the epic relevance regarding the anticipation of the Second Coming of our Lord, Jesus Christ. Before the beginning session of court proceedings, our investigators have learned the inside story from sources close to the trial, of how this case even came to be. Court files were lost for a period of time, and it was not known if they ever would be recovered. In this exclusive interview, a spokesperson for the prosecutor, under special assignment to gather all records of this case in book form, explains.

* * *

The story is remarkable. It is one of redemption. It couldn’t be more fitting that Redemption Press is now the publisher. Over a period of six years, I had written my first novel, *Mutiny: When Angels Fell*. A large volume of notes and personal commentary, accumulated over a period of more than twenty years, became the foundation from which *Mutiny* was written. This has now evolved into what this book, CASE NO. 666, has become.

Mutiny had just been released, and this book under a different title was scheduled to be released as well. Then, suddenly—overnight—my

former publisher was forced to close its doors after twenty successful years of operation. Gone were the files of both books, together with a previous book of mine published in 2003, *Holy Land Showdown*.

Now they are emerging from the ashes, not as a “Phoenix rising,” but as a work of God through Redemption Press, and through a couple of other people who, in various ways, have been hugely instrumental in helping make this happen.

When someone or something has been lost, and then found or recovered, as my books have been, such recovery may involve blessings that transcend the concept of such words. To recover something that is lost is to gain it back. When God’s grace is involved, recovery can be something much more. It can be a new life, better than ever. It can be a blooming flower, more radiant and vibrant than it once was, or a once shining star that re-emerges as a brighter sun.

CASE NO. 666 has become a much different book than it was in original form, both in content and style. I can only believe it is by God’s providence and design that this has occurred. Most of its content has remained intact, but new wings have sprouted as new chapters have been added, in a way I had never envisioned. “Mission Impossible” seems to have been accomplished, and the grace of God has been the catalyst.

Personal notes and commentary have emerged with a feel of a “court” case, and its contents as mission “phases” of a Star Trek journey into the vast frontier of space—a strange and unlikely mix to say the least. Yet, that is how CASE NO. 666 has emerged from the abyss of ashes in which it once lay, and the nuts and bolts of the case herein presented have also become the engine that propels the starship.

Therefore, fasten your seat belt for an intriguing journey through time, court, and space with new adventure and discovery the book’s content provides.

PROCESSION OF WITNESSES

“So Help Me, God”

Do you solemnly swear to tell the truth, the whole truth, and nothing but the truth? Do you vow that the evidences herein presented, to the best of your knowledge fairly represent the case as presented? Do you promise that your motive in the gathering of the evidence put forth is born of love and compassion for others, and for truth as you understand it, and that nothing within you is born of anything to the contrary by way of a vindictive spirit or wrongful gain? Do you swear your investigation into the information disclosed herein is a worthy and fair representation of the God of heaven and of the Bride of Christ? Do you affirm that such information is subject to scrutiny by others in the same manner to which you swear, for the sake of truth and the souls of men under that truth, so help you God?

“I do, your Honor, as do my constituents.”

COURT IS NOW IN SESSION

Defining the Case

(BNN News)—In fairness to the Harlot, the defendant in this trial, we have attempted to get a statement from her, but she declined to be interviewed. However, we were able to have a brief discussion with her spokesperson who appears to be an individual of high religious authority. What he told us was “off the record,” but we can tell you in our own words, the essence of what he told us. It is this: the Harlot does not recognize BNN News as a legitimate medium for broadcasting news, citing a deeply-ingrained internal bias against her. She also views the trial as meaningless, and whatever resulting verdict is given, as an irrelevant formality of the procedure. That’s the extent of what we can say, but we can offer our own observation.

The Harlot has expressed little emotion in the days leading to the trial, except she seems to have been bothered that she had to formally register her real name as a court requirement. The Harlot had previously gone by many names and religious associations, referred to herein as the “Daughters of the Harlot.” The true Bride of Christ will be presenting a convincing case,

we are told, and is confident that due justice will be served. This just in—the judge is about to enter the court.

“All rise!”

* * *

The case before us is one involving the genuine Bride of Jesus Christ, His glorious and spotless church, and an imposter—a counterfeit religious system that had its beginnings in ancient Babylon. Consequently, it is the “Bride” vs. the “Harlot.” The case is presented as a series of witnesses involving a substantial body of evidence in the general proceedings of this book. Each witness is called to testify, with each chapter as a “phase” of the developing case. Commentary is included, but the “witnesses” and their evidences carry the loudest voice.

The objective is not only to prove the case beyond a shadow of a doubt, but to identify as best we can the essence of the defendant, the Harlot, and to expose part of the mystery that surrounds her. The judge is Almighty God, and the jury is comprised of the readers of the court transcripts, as conveyed in this book. The evidence files are much more comprehensive than what the enclosed court transcripts embody, but may be utilized in possible future proceedings.

As in any court proceedings, much of the process is focused on intricate details of information, as provided by witness testimony. Consequently, nearly 230 court-documented footnoted references provide the foundation for this case, and are largely instrumental in the formation of a verdict. Also, a main goal is to connect various threads of an inter-dimensional, “cosmic” conspiracy born of angels that fell from heaven, to the rise of the end-times Antichrist.

With that introduction, we are soon to embark on an adventure into galactic regions of the inner workings of an “old woman” who is anything but gray-haired, but is as enticing and jewel-crowned as ever.

Our adventure is to go into the mysterious enigma that encompasses this false religious system—to boldly go where few have dared to go.

When I wrote my recent novel, *Mutiny: When Angels Fell*, I included some rather difficult themes within the context of various aspects of the story. CASE NO. 666 is a systematic collection of topics involving extensive research that took place over many years that enabled me to write the story of *Mutiny* as I did. This book was initially written to serve as a handbook to *Mutiny*. However, it has become something more—an “out-of-the-box” book with a unique style of its own. It connects various pathways, referred in its subtitle as *conspiracies*, that connect the ultimate mutiny, when angels fell from heaven, to the ultimate end-times deception. Included are added “files,” involving the blood-moon phenomenon and compelling evidences of the nature of Mystery Babylon the Great and the Antichrist.

My approach has been simple, but necessary. Scholarly and theological writings, biblical aids, books, and other sources, have helped me. Yet, I have prayerfully endeavored to avoid being bound by various so-called “theological” constraints that would have otherwise hindered my pursuit. I would challenge the reader in the same manner, yet without compromising certain cornerstone beliefs fundamental to the Christian faith. Where lines are drawn in this regard is up to each of us. Truth should not be feared, but neither should we be content in our own comfort zones in the pursuit of such truth.

Evidence has become my witness—*our* witness, and is the voice that speaks the loudest. The trumpet call of that voice is like that of a watchman on a fortified wall surrounding a city. What is seen on the horizon are dark clouds of a mighty and growing storm, when all is normal and secure inside the city walls. It is the watchman’s duty to sound the alarm, regardless of disregard or rejection of the message that must be made known to all.

The fulfillment of Bible prophecy is happening at breathtaking speed. Along with that, new revelations and insights into God’s Word,

as contained in the Bible, are growing by leaps and bounds. God is revealing many different things to various people in this country and around the world, by way of dreams, visions, and new insights into His Word—things that could never have been understood before, although many have sincerely tried. This was foretold to happen in Scripture. Various end-times prophetic interpretations need to be reexamined, in light of the words given to Daniel by the angel Michael. Consequently, keeping abreast of all this is a challenge of its own.

I heard and did not understand, so I said, “My lord, what will be the outcome of these things?” He said, “Go, Daniel, for these words are secret and sealed to the time of the end.”

(Dan. 12:8-9)¹

The “time of the end” is to be distinguished from the end times, the former being the tail end—the extreme end of the end times. That’s why this book, and similar books written by others, are so important.

It is prudent to mention that the Bible is the inspired Word of God, and is the primary instrument by which the Holy Spirit works to convict us of our sin and need for salvation. However, there are many English translations, and sometimes the original meaning of a word or phrase is not so easily conveyed. The times now are *different*. The world is now *different*. What remains before us is even stranger yet, making it essential to understand the biblical prophecies, especially regarding the end times and Second Coming of Christ.

To seriously study the Bible, a good concordance or two is all that’s necessary. Two I would highly recommend are the *Strong’s Exhaustive Concordance* of the KJV Bible, which can be accessed at www.blueletterbible.org, and *Gesenius’ Hebrew and Chaldee Lexicon to the Old Testament* (H.W.F. Gesenius, 1979), which is coded to Strong’s numbers, and serves as a companion aid on the same site.

There are topics within this book that other books could be written about, and have been. To branch out and explore some of these

areas requires a solid foundation that serves as the “nuts and bolts” of whatever else is to be explored and revealed by way of new insights. CASE NO. 666 helps provide a portion of that foundation.

Only God can open the eyes and minds of those aspiring to understand the relevance of all this, especially as it relates to the appearance of the end-times Antichrist and False Prophet who will soon be thrust upon the world scene. Awareness is the key. It is my humble opinion that a lack of awareness of topics included herein, and of the possible nature of events that will lead to his appearing is a strong recipe for deception. The world is on the brink of a mass delusion, and we all must take note and ready ourselves for what is ahead. The time is very short, even imminent. Love trumps all, and is the most important gift and calling of any of God’s servants; yet insufficient knowledge may destroy us. “My people are destroyed for lack of knowledge” (Hos. 4:6 KJV). The information put forth in this book is born of love and concern, with a passion for discovery and a desire to proclaim God’s Word in relation to the gospel message and the prophecy of my Lord’s coming, all according to His grace and glory.

Within this imminence are telling signs, such as an extraordinary sequence of blood moons and solar eclipses falling on sacred feast days on the calendar God gave to the ancient Hebrews, unexplained sight and sound phenomena occurring in many places of the world, increasing reports of rivers and lakes mysteriously turning a scarlet-red-as-blood color, news reports surfacing on a soon-to-be government disclosure on the UFO/alien phenomenon, and whistle-blowers surfacing regarding the inner workings of shadow governments connected to a Masonic and Illuminati belief system who have accelerated their push towards global domination and control.

As bizarre as some of these signs seem to be, things of an even more bizarre nature have recently surfaced—things that have gone “viral” on the Internet.

In November 2009, a strange blue spiral appeared over Norway just hours before President Obama gave his acceptance speech there

for receiving the Nobel Peace Prize award. The spiral, also witnessed by world leaders attending a global climate conference in Norway at the time, seemed to have created some type of “energy vortex.”

Also, video recordings were taken of a flying black horse over Jeddah, Saudi Arabia, during a thunderstorm, and a flying, winged white horse carrying a rider over Syria. I make no effort to claim whether these occurrences were elaborate hoax inventions or not. But it is well to mention them, in light of what *is* a prophetic reality—the opening of the first four seals of the Revelation judgments. Revelation 6 depicts a sequence of four “flying” horses with riders, otherwise known as the Four Horseman of the Apocalypse, as precursors to their respective judgments. These horses are colored white, red, black, and pale, respectively.

It is curious that such reports seem to parallel the times of the blood-moon phenomena. This raises a question: *Could something of a manifest spiritual, and inter-dimensional nature be going on here too?* Regardless of the answer, it does seem that something is “in the air”—something profound, something intangible, and yet real—something that more people are sensing in different ways—an “electric” spiritual sense of impending and imminent earthshaking events.
